SNOW DAY SCIENCE · THE GAME

Call It!

22 real Kentucky school mornings. Read the weather. Make the call. How sure are you?

HOW TO PLAY

Read it. Call it. Flip it.

Read the card

Snow by 7 AM, the cold, any ice, any warnings, the roads.

Say your chance

What's the chance of no school? Write 0%, 10%, 20%, up to 100%.

Flip and score

Find your Snow Points. Then see if you beat the Radar.

SNOW POINTS

Honest chances win

Say 0% or 100% and be wrong: 0 points. These cards include extra surprises, so they're harder than a real winter.

FINAL SCORES

Who beat the Radar?

Add it up

Total your Snow Points and Snow Day Radar's. Who won?

Who got burned?

Did anyone say 0% or 100% and get it wrong? What did it cost?

In a real winter

Over 19,888 real mornings the Radar averaged 88 points. Always saying 50% gets 75.
